ESSENTIALS™ PLUS

NOW AVAILABLE!

Essentials PLUS - NO STRESS

Designed to improve plant health and aid stress tolerance. If plants are affected by heat, drought, cold or pests this additive will provide support and assist the management of environmental stress. Compatible with any brand of nutrients.

This one excellent product takes the place of VitaLink Chill, VitaLink Heat, and VitaLink Hydrate. Secure your stock now!

- Improves plant health and vigour
- Enhances stress resistance and is quickly absorbed by the plant
- Aids the movement of calcium and trace elements within the plant
- Improves tolerance to changes in temperature and dry conditions
- Helps plants take up water
