# SUPERthrive

## Try our range of SUPERTHRIVE nutrients and additives

**Foliage-Pro** A high nitrogen formula with all the essential nutrients for vigorous vegetative growth.

**Bloom** A low nitrogen, high phosphorous nutrient for use during the flowering stage.

**Pro-TeKt** A supplement providing silicon and potassium to strengthen stems, enhance heat and drought tolerance, and defend against insects and fungal infection.

**Mag-Pro** A supplement rich in phosphorous, magnesium and sulphur, promoting budding and flowering, and improving colour, aroma and flavour.

**SUPERthrive Original** An all-round plant tonic for better results.
