NOVEMBER IRRIGATION 10% DISCOUNT OFFER!

Our huge range of high-quality, durable irrigation fittings has everything needed to build an irrigation system!

CHECK OUR 2022 PRODUCT CATALOGUE, PAGES 64-69*

Why stock up as winter approaches? This is the best time to construct a system, before next year's growing season.

TAKE ADVANTAGE OF OUR 10% DISCOUNT ON ALL THESE PRODUCTS THROUGHOUT NOVEMBER!

Use indoors or out, in pots, growbags, planters, or in the ground. Deliver water or nutrient solution effortlessly to all types of plants.

- Build a system to individual requirements
- Plants never dry out – drip, mist or spray irrigation mimics natural rainfall
- Precision delivery – no over or under-watering
- No waste of water or nutrients
- Huge savings in time and effort – can be partially or totally automated, or gravity fed by opening a valve.

Also included in the offer:

- 13-615-055 13mm Barb x 1/2" BSPF Tee
- 13-615-060 19mm Barb x 1/2" BSPF Tee
