CANNA Terra Vega and Terra Flores – complete professional nutrients for growing in peat based potting mixes, both indoors and outdoors.

CANNA Terra Vega:

- Ensures strong plants with luxuriant roots
- Rich in nitrogen compounds, iron chelates and trace elements
- Guarantees complete absorption of water and nutrients
- Suitable for use with pre-fertilised potting mix, mix that is deficient in nutrients or used mix

CANNA Terra Flores:

- Stimulates fructification and contains all nutrients needed during the flowering phase
- Rich in chelated trace elements which can be absorbed immediately, guaranteeing lavish flowering
- Prevents the binding of nutritional ions
