

LUMii  
**BLACK**

**NOW IN STOCK!**

**LUMii Electronic 720w LED plus 2 x 25w UV/FR Kit**

**A versatile grow lighting combo giving plants all the light they need for growth and bloom!**

- Full, balanced spectrum, with added UVA and Far Red
- LED light for the whole plant life cycle, growing and flowering
- Simple to install and operate
- Lightweight and easily hung
- Very low heat output
- LED Fixture and UV/FR Tubes are powered directly from the mains and controlled separately, giving flexibility for the grower\*

\*We recommend that the UV/FR Tubes should be lit for no more than 2 hours per photoperiod
